Tokenization of Voluntary Carbon Credits

Interdisciplinary Conference

This conference will focus on the interim results of the TOSCA project group from the fields of economics, business administration and law. Important voices from the practical field will complement the conference. We will welcome guests from UNIDROIT, the Federal Financial Supervisory Authority and Gleiss Lutz.

The focus will be on the legal nature and liability of tokenised Voluntary Carbon Credits (VCCs) and a review of use cases for tokenised VCCs.

Conference hosted by the project group Tokenizing Sustainability – Carbon Credits, Accountability, and ESG in Supply Chains (TOSCA) of the Centre Responsible Digitality (ZEVEDI).

When?
Friday, 7 June 2024, 9:30 – 17:00 CEST

Where?
Frankfurt School of Finance & Management
Adickesallee 32-34
60322 Frankfurt am Main
Tokenization of Voluntary Carbon Credits

Friday, 7 June 2024

09:30: Welcome and Networking
Masud Sultan & Dominik Skauradszun

09:45: Prof. Dr. Georg von Wangenheim, Universität Kassel
Some Economic Aspects of VCC, EU-CBAM and Tokenization

10:30: Dr. Marc Rutloff & Prof. Dr. Eric Wagner, Gleiss Lutz
Liability in Supply Chains of VCC Tokens

11:15: Coffee Break

11:45: Giulia Stella Previti, Legal Officer, UNIDROIT
The Legal Nature of Verified Carbon Credits

12:30: Prof. Dr. Dr. Walter Blocher, Universität Kassel
Legal Analysis of Current Blockchain-based VCC Concepts

13:00: Lunch Break

14:00: Dr. Martin Rose & Peter Kolz, Bundesanstalt für Finanzdienstleistungsaufsicht
Regulatory Framework for VCC Tokens

15:00: Short Coffee Break

15:15: Masud Sultan, Frankfurt School of Finance & Management
Application of Blockchain in Carbon Markets:
An Analysis of Case Studies and Emerging Challenges

16:00: Prof. Dr. Eric Nowak, Swiss Finance Institute & Verra Verified Carbon Standard
Advisory Group & Leah Kling, Hochschule Fulda
Carbon Offset Tokenization – Empirical Evidence from Blockchain Projects

16:45: Conclusion and Farewell
Alexander Laub & Dominik Skauradszun
